Thank you for your interest applying for the Buffalo Bill Art Show & Sale! I have placed your application on file. Please let me know as we move forward if anything changes for you such as email, phone, or address.

We are looking forward about a year ahead each year. We are very busy all summer and through September and October. I try very hard to have the new applicants list organized for selection of artists for the next year so I want to have all the best information I can give the committee before we all push the frappe button for the September show and sale.

Our well established show tries very hard to add new artists each year and it is difficult to choose from over a hundred applicants on average. Each file is looked at closely by the committee. I encourage you to apply! Look over our website as it changes a lot starting in March. Decide what from your portfolio is what will best represent you and bring it on! A recommendation from one of established Buffalo Bill Art Show can't hurt!
