

**BUFFALO BILL
ART SHOW & SALE
CODY, WYOMING**

Thank you

for your interest in applying for the Buffalo Bill Art Show & Sale! All applications are held until committee review and selection is complete. It becomes your responsibility to update your status if contact information changes. The committee will contact you about selection results.

The selection committee looks forward nearly a year in advance. We are busy all summer and our work continues through September and October preparing and wrapping the current show. It is important to have the new applicant's spread sheet organized for the selection committee immediately after the current show for their review. Please provide all the information requested by the date on the application for review and selection.

The Buffalo Bill Art Show strives to add new artists each year and it is difficult to choose from over a hundred applicants. Don't get discouraged. Each file is examined closely by the committee. I encourage you to apply! Look over our website as it changes starting in March. Decide what (from your portfolio) will best represent you, your style, and the best of your work. Then bring it on!

Again, thank you for applying,

Kathy
